CAREER OBJECTIVE

Having spent my life in Lagos, Nigeria. I have used my time to bring visually aesthetic, responsive, and accessible websites to my community. After cutting my teeth at Neonet Wireless, I have a proven history of a strong ethics and passion for web design. Excited to pursue new companies to grow my skills while facilitating the empowerment and vocalization of marginalized communities.

WORK EXPERIENCE

Web Developer

Neonet Wireless

 June 2019 - March 2022

 Lagos, Nigeria

Monitored, created, and populated 100+ QA sheets with designer and project manager.

Engaged in 100+ hours of WordPress training and PHP crash course with lead designer.

Collaborated with designers and performance team on designing updates to sites and blogs, improving user experience by 41%.

Briefed development team on website research, and made suggestions for website builds/products. This saved the development team 400+ hours.

Participated in stand-ups 2 times a month. Team leaders would review, assign, and coach team members.

PROJECTS

Web Developer

Creator, Designer, Developer

 May 2019 - current

Utilized API calls to several government census organizations to determine number of Jewish households across the U.S.

Built responsive, accessible, and dynamic web pages to enable all users can navigate site.

Used MaterialUI to create aesthetic graphs and charts to display consensus data results.
